FAIR STRUCTURE:

At the beginning of each shift, students will have the opportunity to sit in on a 15-minute session to register for StriveScan (if they haven't yet) and learn about the different post-secondary options available at the fair. The presenters are instructed and will be observed to be impartial to all industries and institutions when outlining the post-secondary options. After the 15-minute session, the students will participate in the college fair. There will be a short gap between the first and second shifts to allow exhibitors to grab a snack or use the restroom.
